

RETROFIT DOWNLIGHT

Lumens Depot Foam's Retrofit LED Downlight is a high-performance, energy-efficient lighting solution designed for both residential and commercial spaces. This 6" downlight features five selectable CCT options and smooth Triac dimming, allowing for fully customizable illumination to match any environment. Designed for quick and hassle-free upgrades, it includes sturdy butterfly clips for secure, tool-free installation. The flicker-free design enhances visual comfort, while the sleek white housing blends seamlessly into a variety of ceiling styles. Equipped with an E26 quick connector and junction box compatibility, installation is fast and convenient. Ideal for kitchens, living rooms, offices, retail spaces, hotel lobbies, bathrooms, and other indoor areas, this downlight delivers reliable, high-quality illumination with long-lasting performance.

Product Features

- Up to 100 lm/W
- 12Watt
- Adjustable CCT
- Available in 6"
- Triac dimming
- 110° Beam Angle
- White housing
- Input Voltage 120VAC
- ETL listed
- 2-year warranty

Spec ifications

Parameter	Description	Value
General Performance	Watt	12W
	Max Lumen	1200
	Lumen Efficacy	Up to 100LM/W
	Color Temperature	2700K / 3000K / 3500K / 4000K / 5000K
	CRI (Ra)	>90
	Light Spread	110o
	Diffuser Type	PC Lens
Electrical	Input Voltage	120Vac
	Frequency	50/60Hz
	Dimming	Triac Dimmable
	Power Factor	≥0.7
	Driver Surge Protection	N/A
	Flicker Percent	Flicker Free
Physical	Operating Temperature	-20°C ~ +45°C
	Operating Humidity	≤80%RH
	Storage Temperature	-20°C~65°C
	Storage Humidity	≤95%RH
	LED Brand	Everlight
	LED Type	2835
	LED QTY	48+48 PCS
	Construction	Aluminum
Qualification	Housing Color	White
	IP Rating	Damp Location
	Warranty	2 Years

RETROFIT DOWNLIGHT

Installation

1. Turn Off power from the electrical panel prior to installation.
2. Determine the location where you want to install the fixture and cut a hole in the ceiling according to the template in the box (fig. 1).
3. Open the junction box cover and remove the appropriate knockout(s) on the side panel (fig. 2).
4. Insert the electrical supply cable through the knockout and secure with a cable connector.
5. Using quick-connect push-in terminals, connect the ground wire to the ground wire terminal; black wire to black wire terminal; white wire to white wire terminal (fig. 2).
6. Place all wiring and connections back into the junction box and close the cover. Connect the junction box to the light panel with the quick connect system.
7. Insert the junction box through the mounting hole (fig. 3).
8. Push clips on the fixture upwards and insert fixture base into the mounting hole. Release the clips and fixture will be pulled flush to the ceiling (fig. 4).

Cut - Hole Size

6" Round Ø6 1/4" (Ø158mm)
