

LED CENTER BASKET TOFFER

Lumens Depot Foam's LED Center Basket Troffer is designed to deliver uniform illumination and superior energy savings, making it an ideal upgrade from traditional T5, T8, or T12 fluorescent troffers. Featuring a sleek center-basket design, it provides soft, glare-free ambient lighting, perfect for both renovation projects and new construction.

With five adjustable wattage settings and five selectable CCT options, this fixture offers maximum flexibility to meet a wide range of lighting needs while ensuring high efficiency and long-term reliability. Delivering up to 135 lumens per watt, it enhances energy performance without compromising brightness.

A wide 120° beam angle ensures even light distribution across spaces, while 0–10V dimming capability allows precise control over light levels, further optimizing energy savings and user comfort.
